## TO WHOM IT MAY CONCERN

This is to certify that Rt. Rev. Javed N. Albert is genuinely interested in evangelical task and using his resources towards this act. He is rendering social services to the poor, down trodden and oppressed people of this land. He is also struggling hard for the peace and harmonies relationship between the minorities and majority communities. He is also helping Christian institutions time to time. I am pleased to commend his services toward the Church as well as humans. I wish him well.
